I. The pilot in charge of an inward-bound vessel shall keep a good look-out for the Custom House boat at Pachpara, and afford every facility to her in getting alongside. Nothing short of risk to the safety of the vessel is to prevent a customs officer being received on board at the proper station.

II. Pilots shall sign receipts for native crew lists when made over to them by preventive officers, and shall further give receipts for any papers on matters of service that may be made over to them by preventive officers.

III. Should any attempt be made to remove goods from a vessel in the river, save under section 70 of Act VIII, 1878, the master shall be warned that he is liable to fine and that such goods are liable to confiscation under section 167, clauses 2, 5, 11, 28 and 31 of that Act. If notwithstanding such warning, the removal of goods be persisted in, the fact shall be reported to the port officer, and the vessel detained until further orders.

IV. Should any attempt be made to put goods on board an outward-bound vessel, after port clearance has been obtained and the preventive officer has left, the pilot shall remonstrate, and if the attempt is persisted in, shall report the matter and detain the vessel for further orders.

V. Pilots in charge of vessels coming into Saugor, or elsewhere in pilotage waters for orders, shall obtain from the master the ship's manifest, and forward it to the Collector of Customs within twenty-four hours of the vessel's anchoring.

VII. The form of import manifest, prescribed by the chief customs authority, under section 55 of Act VIII of 1878, shall be delivered to the master of every inward-bound vessel, and the instructions to pilots and masters, Nos. 1 to 4, which are printed on the manifest, and which are as follow, shall be carefully carried out:—

NOTIFICATION.

The 8th September 1881.—The following rules, approved by the Lieutenant-Governor, are published for general information, as required by section 204 of Act VIII of 1878 (the Sea Customs Act).

I. The pilot in charge of an inward-bound vessel shall keep a good look-out for the Custom House boat at Pachpara, and afford every facility to her in getting alongside. Nothing short of risk to the safety of the vessel is to prevent a customs officer being received on board at the proper station.

II. Pilots shall sign receipts for native crew lists when made over to them by preventive officers, and shall further give receipts for any papers on matters of service that may be made over to them by preventive officers.

III. Should any attempt be made to remove goods from a vessel in the river, save under section 70 of Act VIII, 1878, the master shall be warned that he is liable to fine, and that such goods are liable to confiscation under section 167, clauses 2, 5, 11, 28 and 31 of that Act. If notwithstanding such warning, the removal of goods be persisted in, the fact shall be reported to the port officer, and the vessel detained until further orders.

IV. Should any attempt be made to put goods on board an outward-bound vessel, after port clearance has been obtained and the preventive officer has left, the pilot shall remonstrate, and if the attempt is persisted in, shall report the matter and detain the vessel for further orders.

V. Pilots in charge of vessels coming into Saugor, or elsewhere in pilotage waters for orders, shall obtain from the master the ship's manifest, and forward it to the Collector of Customs within twenty-four hours of the vessel's anchoring.

VI. A manifest shall be forwarded from all merchant vessels, even though they have only ballast on board; in the latter case, the circumstance shall be specially noted in the inward-certificate.

VII. The form of import manifest, prescribed by the chief customs authority, under section 55 of Act VIII of 1878, shall be delivered to the master of every inward-bound vessel, and the instructions to pilots and masters, Nos. 1 to 4, which are printed on the manifest, and which are as follow, shall be carefully carried out:—

1. A copy of this form of manifest should be presented to the master of every inward-bound vessel by the pilot as soon as possible after that officer boards her.

2. The master, on receipt of the manifest should fill up the heading, as well as columns 2, 3, 4, 5, 6, and 7, and should sign and return the document to the pilot before passing Diamond Harbour.

3. The pilot, on receiving back the manifest, should countersign the same, close the wrapper, seal it, and if the vessel is a sailing ship, despatch the document by the first dāk boat that arrives alongside the vessel.

4. If the vessel is a steamer, or a vessel in tow, the pilot, after countersigning and sealing the manifest should make it over to the customs officer, if there be one on board, or if there be none, to the master for presentation at the Custom House at the time of entry inwards.

VIII.—Should No. 2 of the instructions printed on the manifest not be complied with, the pilot shall warn the master that he is rendering himself liable to a penalty of Rs. 1,000, referring him to sections 53, 54, and 167, clauses 13, 14, and 15, of Act VIII of 1878.

2. In all appeals from original decrees in which the value of the suit in the Court below was above Rs. 5,000, the Deputy Registrar, on receipt of the record, shall serve a notice on the appellant or the appellants, or his or their vakeels, or mukhtars, to prepare a list of papers, or portions of papers on the record, which it will be necessary to insert in the paper-book.

3. In such list shall be specified all the papers to which it may be necessary to refer in order to enable the Court to dispose of the appeal. The following documents shall be translated and printed in every case, and need not appear in the list, *viz.*—

The plaint.

4. Within four weeks after receipt of the notice under Rule 2, the appellant or appellants, or his or their vakeels, shall, unless he or they elect to have the paper-book prepared in the office of his or their vakeels, deliver to the Deputy Registrar a list of papers to be inserted in the paper-book prepared according to that rule.

5. Notice of such list having been filed shall be forthwith given by the Deputy Registrar to the respondents who have appeared, or their vakeels or mukhtars respectively.

6. Any party respondent, or his vakeel, may, without fee, inspect, and at his own expense take a copy of the list filed under Rule No. 4.

8. If any respondent considers that any papers, or portions of papers, which ought to have been inserted in the appellant's list, have been improperly omitted, he may, within seven days after receiving the notice under Rule No. 5, and on notice to the appellant, apply to the Court to compel the appellants to add them to their own list.

9. If no list be filed by any respondent within the time specified, the paper-book shall be made up according to the appellant's list.

10. Where several appellants or respondents appear by one vakeel or attorney, one list only shall be filed by each set of parties so appearing.

11. If all or a considerable portion of the necessary papers have already been printed in any former paper-book, the appellant or appellants shall state this fact in his or their petition of appeal, and in the list furnished under Rule 4. Nothing printed in such former paper-book shall, except by special order of Court, be again printed if sufficient copies of that paper-book be procurable. But copies of the former book shall be annexed to the new book, and a reference shall be made to the page in the former book in which each particular document or deposition is to be found.

12. Immediately upon the receipt of any list filed under Rules 4 and 7, the Deputy Registrar shall make and deliver to the party furnishing it, an estimate of the costs of transcribing, translating, printing, and preparing the portions of the record named in such list as necessary to be read, or added thereto by order of the Court; and in no case shall this duty be delayed beyond one month without special order of the Court. Each party furnishing a list must, within such time as is specified in Schedule A annexed to these rules after the delivery to him or them of such estimate, deposit with the Accountant of the Court the whole amount of such estimate. The estimate shall be prepared according to the following rates:—

Translation	3 Rs. " "
Transcribing	8 As. " "

13. If it shall be ascertained at any time that the sum deposited by any party will not cover the costs payable in respect of the papers marked as necessary in the list furnished by him, or added thereto by the order of the Court, the difference shall be estimated by the proper officer, and shall be paid by such party within such time after it is demanded from him as is specified in Schedule B annexed to these rules.

14. In case of any party failing to file the necessary list under Rule 4 or Rule 7, or to make the necessary deposit under Rules 12 and 13, in due time, the Deputy Registrar shall at once cause the appeal to be set down before the Division Court to which it belongs; and if the party so failing does not satisfy the Court that there was sufficient reason for his default, the appeal may be dismissed for want of prosecution, or the Court may pass such other order as it may deem proper.

15. If the sum deposited by any party shall exceed the costs for which he is liable under these rules, the difference shall be refunded as soon as the actual costs incurred have been ascertained.

16. The Court may at any time upon sufficient cause shown enlarge the time for furnishing any list or making any deposit required by these rules. Application for such enlargement must be made before the time expires except in special cases; and it must be supported by an affidavit stating the circumstances under which the delay took place. It must also be accompanied by a certificate of the Deputy Registrar, showing the dates on which the several directions hereinbefore contained have been complied with, which certificate the Deputy Registrar shall grant upon payment of a fee of Rs. 2.

17. The Deputy Registrar shall, within four months of the date of the delivery to him of the settled lists cause the portions of the record in respect of which the proper deposit has been made to be (where necessary) translated into English, and shall cause the same to be printed and arranged in the following order:—

14. Objections under Section 561 (if any).
15. Other papers not included in the above.

The parties may by consent substitute the memorandum of the depositions of witnesses under Section 184 of the Code of Civil Procedure, for a printed translation of the original depositions. These papers, together with an index, shall form the paper-book to be used by the Court at the hearing of the appeal.

18. If there be separate appeals against the same judgment, complete lists shall be filed by the parties in each appeal; and the Deputy Registrar shall, subject to the order of the Court, determine in what proportions the deposits are to be made. Nothing shall be printed twice over, but references shall be inserted in the proper places, showing where the several portions elsewhere printed are to be found.

19. No portion of the record which is not contained in the paper-book shall be read at the hearing of the appeal without the special leave of the Court, unless the party desiring to read it shall have given written notice to his opponent or opponents, or his or their vakeels, specifying the papers which he desires to have read three days before the appeal is heard.*

20. The costs of transcribing, translating, printing, and preparing the paper-book shall be costs in the appeal, unless the Court hearing the appeal shall otherwise direct as to the whole or any portion of such costs.

21. It shall be open to any party at any time before the translations are completed to deposit the amount necessary for defraying the expenses of examination of the translations before the same are printed, such amount being fixed by the Deputy Registrar; and upon such deposit being made, the translations shall be examined in the same way that the translations in cases appealed to the Privy Council are examined, by one of the Examiners of the Court appointed for the purpose, and certified accordingly. The amount so deposited shall be allowed as costs to the party making the deposit, if the Court shall so order.

22. The paper-book shall be printed in the form prescribed by the Privy Council, and in accordance with the following directions:—

- i.—All paper-books are henceforth to be printed in the form known as *demy quarto*, and not in *demy folio*, as hath heretofore been used.

- iv.—The number of lines in each page of pica type is to be forty-seven, each line being five inches and three-quarters, or 146 millimetres.

23. In ordinary cases, 30 copies of the paper-book are to be printed; but the Deputy Registrar may, at his discretion, increase the number. As many copies of the paper-book may be obtained by the parties free of charge as there are advocates and vakeels engaged in the case.

24. As soon as the paper-book is ready for delivery to the parties, the case shall be inserted by the Deputy Registrar in a list to be hung up in the usual places; and the case shall not be inserted in the Peremptory Daily List of Causes until seven days after its insertion in the first of the above-mentioned lists.

25. Appeals against admissions of, or refusals to admit a will to probate or grant letters of administration, shall be considered as appeals from original decrees within the meaning of these rules.

If there be more than one respondent, and such respondents have appointed different vakeels, the appellant or appellants, or his or their vakeels, shall deliver separate lists prepared under Rule No. 3 to each set of vakeels. Vakeels shall not be entitled to remove the original record from the Deputy Registrar's office.

28. There shall be a list of vakeels who are willing to undertake the preparation of paper-books, and any vakeel may enter his name in it; but the Court may, for good and

29. Within three weeks from the receipt of the list or lists mentioned in Rule 27, each party respondent shall deliver to the appellant or the appellant's vakeel a list of papers not included in the first-mentioned list, and which he or they wish to have inserted in the paper-book.

If there be more than one set of respondents, the appellant's vakeel shall deliver within the time mentioned above, to the vakeels of each set of respondents, two copies of the said paper-book.

32. Within one week after the receipt of the paper-book by the Deputy Registrar, he shall cause the case to be inserted in a list to be hung up in the usual places; and the case shall not be inserted in the Peremptory Daily List of Causes until seven days after its insertion in the first of the above-mentioned lists.

33. If, within five months from the receipt by the Deputy Registrar of the notice of the appellant's election to have the paper-book prepared in his or their vakeel's office, no paper-book is delivered to him, he shall at once cause the appeal to be set down before the Division Court to which it belongs; and if no satisfactory cause be shown for the omission to deliver the paper-book to the Deputy Registrar, the appeal may be dismissed for want of prosecution, or the Court may pass such other order as it may deem proper.

34. The Rules Nos. 8, 11, 16, 17, 19, 20, and 22 shall apply, *mutatis mutandis*, to cases in which the paper-books are prepared in the vakeels' offices.

35. The vakeel or vakeels in whose office a paper-book is prepared shall be held responsible for the accuracy of the translation of the papers which have been translated; but no such responsibility shall attach to him or them if they obtain a certificate from any Privy Council Examiner, vouching for its accuracy.

36. In the absence of any written contract between a party and his vakeel or vakeels in whose office a paper-book may be prepared, the Taxing Officer of the Court, on application by such vakeel or vakeels, and on due notice to the client or clients, shall assess the costs of the preparation of the paper-book in accordance with the rates mentioned in Rule No. 12. The decision of the Taxing Officer shall be binding upon the vakeels and the clients.

37. The Court may, upon the application of any party, and upon good and sufficient cause shown, give such special directions as to any of the matters to which these rules relate as may seem fit, and may, by special order, exempt any party from the operation of any portion of these rules.

the person from attack of small-pox, but brings discredit on both the vaccinator and vaccination. The vaccinators should not only use good virus, but take it from those persons only who are free from constitutional diseases, especially syphilis. Lymph should never be taken from a child who has an eruption on his skin, lumps about the anus or genital organs, bad teeth, or a sore throat or cold. In fact, none but perfectly healthy children should be used as subjects for conveyance of lymph. A clean lancet should invariably be used; when a foul lancet is used, it produces an amount of irritation in the vesicles

which renders success doubtful. In ordinary times persons in good health are only to be vaccinated, but in times of epidemic every unprotected person, whether in sound health or otherwise, should be vaccinated. There is no fear in

vaccinating pregnant women.

18. In cases of good and successful vaccination, the following phenomena are observed in the places where the virus is inserted:—No change takes place until the third day when the points of insertion of the virus appear like red spots or mosquito bites. On the fourth day these spots look like little pimples. On the fifth and sixth days the pimples enlarge into vesicles and contain clear lymph. On the seventh day the vesicles are fully developed. On the eighth day areolæ form around the vesicles. There is sympathetic fever from this day. On the ninth day the contents of the vesicles become perfectly yellow, and the surrounding inflammation becomes more intense. After the tenth day a crust gradually forms, brownish-black in colour and of considerable thickness, and should fall off from the 18th to the 20th day, or two days earlier in the hot season. It should leave a well depressed cicatrix, with marked edges and floor lived and pitted.

and a half apart from each other. The virus is to be inserted below the scurf or upper skin, but not deep enough to draw blood. Three such punctures are to be made in each place thus.

21. The vaccinators must be kind and courteous towards the people that come to the public vaccine stations to have their children vaccinated. The people from their ignorance of the vaccine disease will ask many useless and tedious questions of the vaccinators, but the latter should not get annoyed at this. They should particularly explain everything which the parent or guardian of vaccinated children may want to know. While vaccinating at private houses they should be equally kind and courteous in their manners, and although the law does not prohibit their taking any reward or present from persons able and willing to pay, they should make no demands.

B. INSTRUCTIONS TO REGISTRARS.

1. The Bengal Vaccination Act, 1880 (Act V of 1880), requires of Registrars of Births the following duties connected with compulsory vaccination, in addition to those duties relating to the registration of births and deaths which the law imposes upon them:—

2. On the registration of the birth of a child, the Registrar shall deliver to the person giving information of such birth a printed notice in the form of schedule E appended to the Act.

Section 18.

3. The Act further requires the parents and guardians of children under 14 years of age not born, but brought to reside, whether temporarily or permanently, in any place in which the Act is in force, to have them vaccinated within six months of arrival, or, if at the time of arrival they are below one year of age, within 15 months of birth. On such cases coming to the knowledge of Registrars, a notice should be served in Schedule E altered according to circumstances. Such cases should be included in the register of vaccination, column 4 being left blank.

4. These notices will be issued to Registrars in the form of a book, each notice having a counterfoil which will, when filled in, constitute the minutes of the notices required by section 20 of the Act.

5. Vaccinators are directed by the Act, when a person or child is successfully vaccinated, to transmit to the Registrar a duplicate copy of the certificate (Schedule C), the original of which has been handed to the parent, or guardian, or person. Similarly, when the vaccinator considers it advisable to postpone vaccination on account of ill-health or unfitness from any other cause, a certificate to that effect (Schedule A) is given to the parent, or guardian, or person, and a duplicate thereof sent to the Registrar; and when a person or child is found insusceptible of vaccination, a certificate (Schedule B) is given, and a duplicate sent to the Registrar. These duplicate certificates (Schedules A, B, and C) of

postponed, unsuccessful, and successful vaccination should be filed in separate bundles, and the information conveyed by them entered in the proper columns of the registers.

6. A register of vaccination shall be kept in the following form, of which columns 1, 2, 3, 4, and 5 will be filled up on issue of the notice (Schedule E), and the remaining columns on receipt of the duplicate certificate mentioned in the last paragraph:—

Section 21.

Register of Vaccination for

Serial No.	Name of child.	Date of birth.	No. of entry in register of birth.	Date of notice—Schedule E.	Date of certificate of successful vaccination—Schedule C.	Date of certificate of insusceptibility—Schedule B.	Signature of Registrar.
------------	----------------	----------------	------------------------------------	----------------------------	---	---	-------------------------

7. An additional column will in future be added to the ordinary "Register of Births" in which an entry will be made referring to the number in the Vaccination Register. Thus these two registers—the "Register of Births" and the "Vaccination Register"—will contain references to each other, and no difficulty can be experienced in ascertaining whether a certificate has been received regarding the vaccination of any child whose birth has been registered.

8. When a certificate has been received of the postponement of vaccination (Schedule A), an entry should be made in the special "Register of postponed vaccination" (Schedule F) prescribed by the Act. Care should be taken that a child, regarding whom a certificate of this kind is received, is eventually vaccinated, and unless a renewed certificate of postponement has been received, an entry should be made of the name in the return mentioned in the next paragraph.

9. As soon after the first of every month as possible a return will be forwarded to the Civil Surgeon or other principal Civil Medical Officer in the following form, showing the cases in which notice has been given or certificate of postponement has been received and the period mentioned in the notice or certificate of postponement has expired without receipt of a certificate of successful vaccination or insusceptibility (Schedule B or C). A case once returned in this form need not be entered again except in the instance of a fresh postponement:—

Return of cases in which notice of vaccination has been served but Certificate has not been received for the month of

Name of child.	Name of parent or guardian.	Residence.	Date of issue of notice.
----------------	-----------------------------	------------	--------------------------

10. It is obviously desirable, for the purpose of ensuring that every child born in any place in which the Act is in force shall be vaccinated, that every endeavour should be made to render the registration of births as perfect as possible. Every endeavour should therefore be made to ascertain and cause the registration of every birth occurring in any place in which the Act is in force.
